Freezer paper

Cutting

Background and Tongues:

1-16" x 20" background center

4-16" x 1½" strips

From the strips, cut 16-1½" x 3½" tongues.

Make a template to cut the curve at tongue end.

Stems: 4-¾" x 8" strips

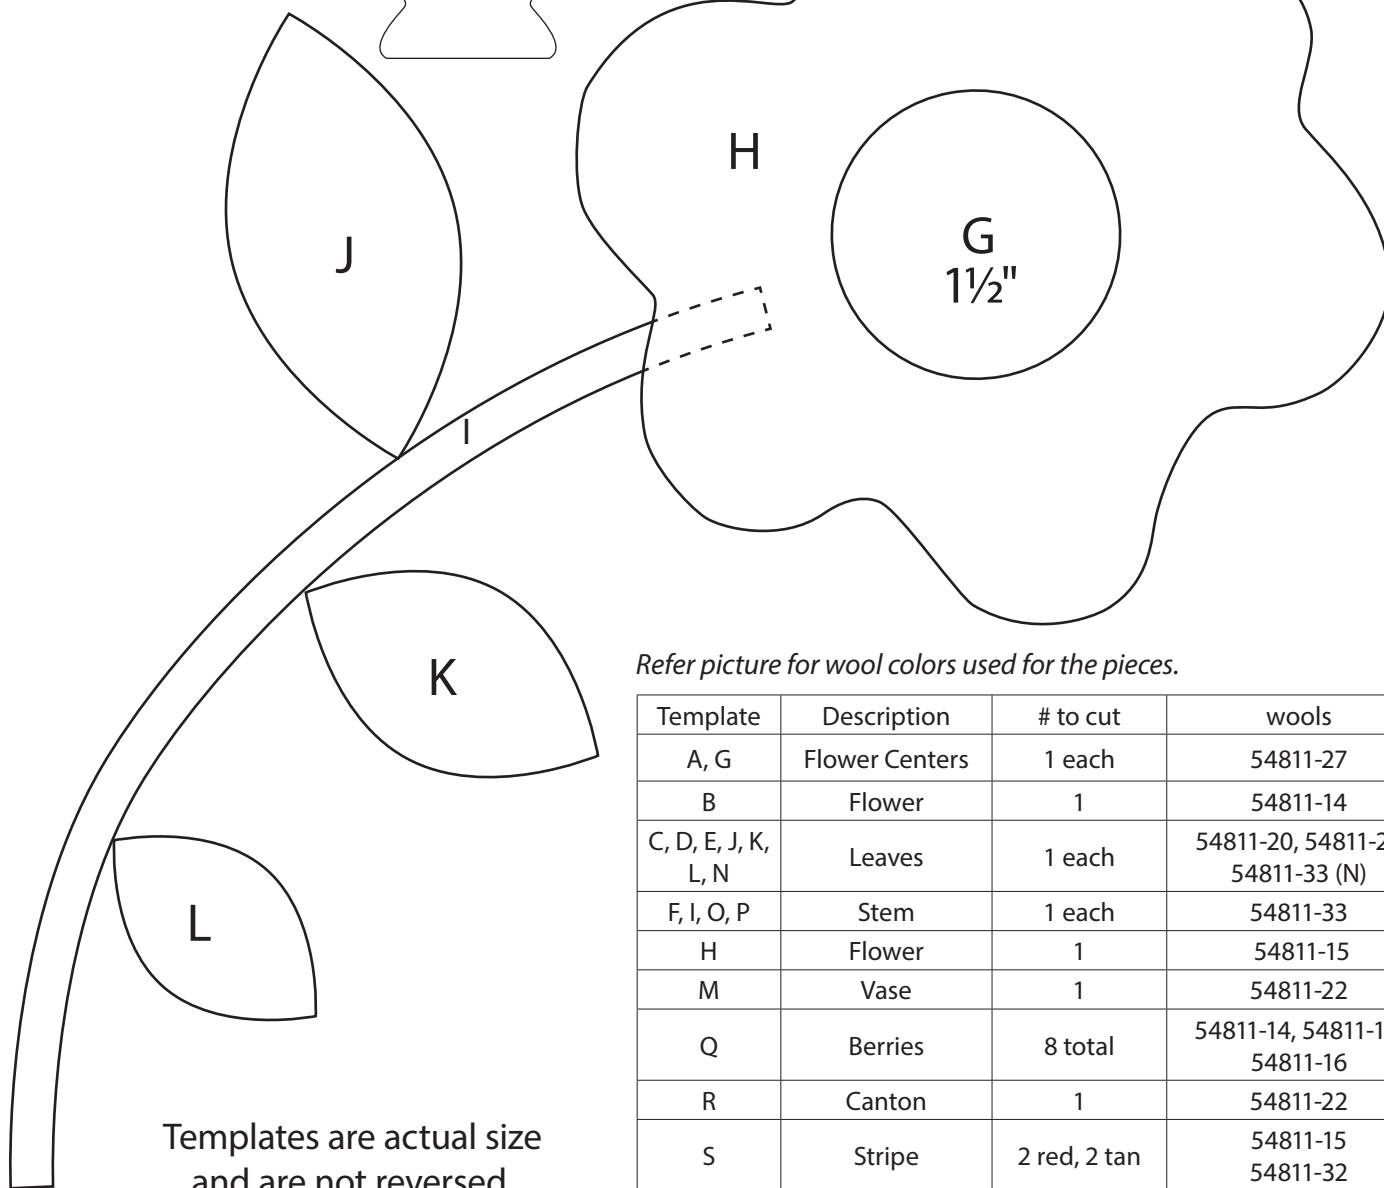

Construction

- 1 Trace wool shapes (vase, flowers, leaves, etc) onto the paper side of freezer paper. Cut out shapes from freezer paper approximately ¼" - ½" away from the drawn line.
- 2 Iron the freezer paper onto the wool and cut out shapes ON the drawn line.
- 3 Remove paper from wool and arrange the shapes onto the wool as shown on the diagram. A stapler is the best way to adhere the wool shapes until stitched.
- 4 Using floss, stitch the shapes down onto the wool background using a blanket stitch or a running stitch (use a running stitch on the stripes and flagpole and stems.)
- 5 Stitch the stars onto the flag using a star stitch.
- 6 Stitch the stars onto the tongues using a blanket stitch.
- 7 Stitch the tongues onto the side of the penny rug using a whipstitch and adhering the tongues about ¼" in - onto the back side of the penny rug.
- 8 Pin the backing fabric - wrong sides together - onto the back of the penny rug. Turn the edges under ¼" and blind stitch in place.
- 9 Enjoy your penny rug.
