

Printemps 3 Sisters

No PS44030 Printemps Size: 75" x 75"

There is no place the 3 Sisters love more than Paris in springtime. Leisurely strolls along the Seine and into the many lovely gardens are the inspiration for *Printemps*. Aptly named after the French word for spring and the sisters' favorite department store in Paris, *Printemps* is the crème de la crème in a deliciously soft palette of delicate floral prints that appear as though they were fresh picked from Marie Antoinette's garden at Versailles.
