

TEXAS PROUD

Sara Khammash

Fields of Bluebonnets and Indian Paintbrush blowing in the breeze, an old weathered wooden flag on a fence and Longhorn cattle being herded to a new pasture were the inspirations for the *Texas Proud* fabric line. Drive through any city or countryside in Texas and you will see how proud Texans are of displaying the state flag. The Longhorn featured on the bold "Texas Proud" state print belongs to my sister, Connie and her husband, Robert Conner. I am pleased they let me use their Longhorns in my art.
