French  
General

Inspired by the colors of an 18th century French colony in India, Pondicherry includes small Indienne prints, floral block-printed designs and several larger paisley and border prints. The colors of "old India" come through with faded shades of indigo, deep magenta and classic red, while pale grey and pearl ground the collection. I have yet to travel to India but this is my interpretation of what the old city of Pondicherry would look and feel like today.
