

# Through the Years

Kansas Troubles Quilters

*Create something beautiful every day.*

Through the Years continues with the theme of celebrating my 20th Anniversary with Moda in 2020. My classic Kansas Troubles palette is brightened up with lighter tan backgrounds to contrast with my signature nature-inspired colors.

My inspiration comes from my love for charming floral prints in all the glorious shades of spring, they set the tone for this collection. I've mixed in a few smaller florals, a tonal leaf print and some playful dots to add variety.
