

La Vie Bohème

French
General

La Vie Bohème - The Bohemian Life - is a collection of French prints that would have been found in the Parisian Latin Quarter in the late 19th century. Filled with soft blues, classic reds and shades of pearl, these early florals and small prints will make up beautiful French-inspired quilts and home textiles. Printed on a lighter cotton, this collection of fabric is also suited well for clothing and bedding. Fill your home with La Vie Bohème and live the bohemian life!
