

PONDEROSA

STACY IEST HSU

Like many, I was raised watching reruns of Bonanza, a show about a father and his three sons living on a large ranch called The Ponderosa set in the 1860s. What I most vividly remember is the intro with the map burning away and the father and three sons riding their horses with the iconic music in the background. My latest collection Ponderosa was inspired by this iconic retro cowboy imagery.

This collection celebrates the cowboy life with various unisex themed prints including retro horse scenes, horse silhouettes, horseshoes and more.. In keeping with the retro theme, the color palette is burnt orange and gold, avocado green, brown and turquoise. In addition to the prints there are two fabric panels, a horse and stable playset and a multi square panel perfect for quilt samplers and pillows.

Let Ponderosa help you relive the ol' cowboy days in your home.
